RANDOLPH, MASSACHUSETTS  
A SENIOR PUBLICATION

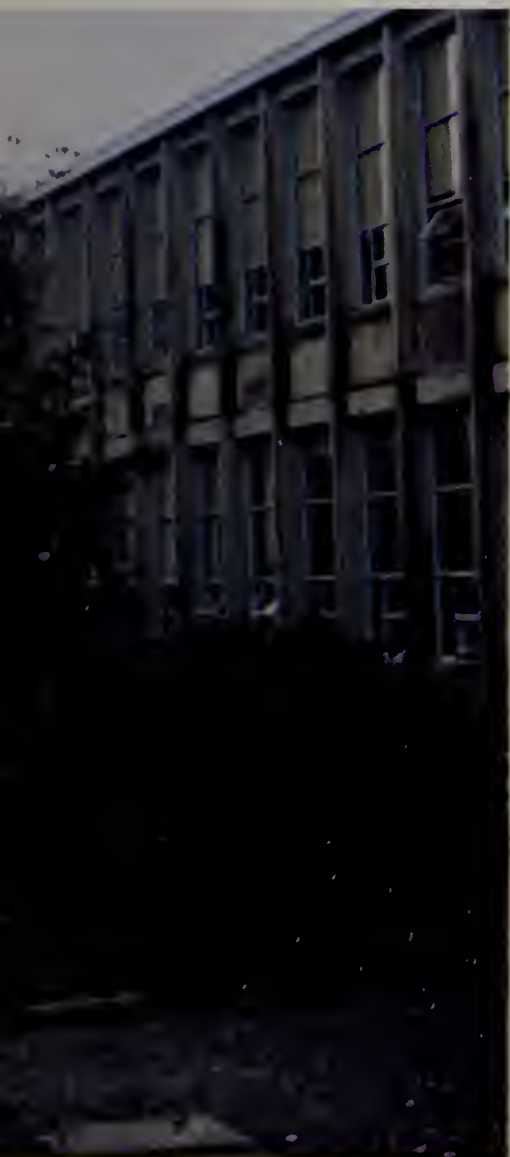

# We are the class of 1976, The Bicentennial Class

We are unique! We are the class of 1976, The Bicentennial Class. With a deep sense of pride in our nation and in our town, we present, not only a chronicle of our Senior Year, but a pictorial essay of people and landmarks which are part of the history of our town and of our nation.

Knowledge has  
become a part  
of us.

We have striven to make knowledge a part of us. But, through knowledge, we have learned how much we will never know. The tools with which to search and succeed have been given us, and we will persist with the hope that discovery will be the ultimate experience.

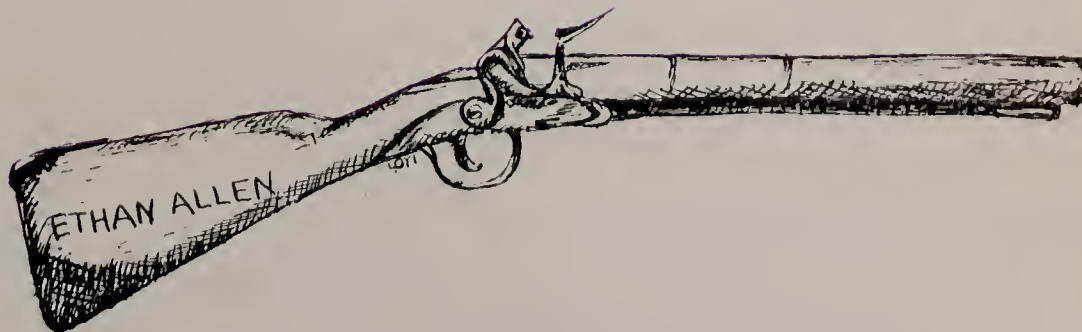

We have grown with our school.

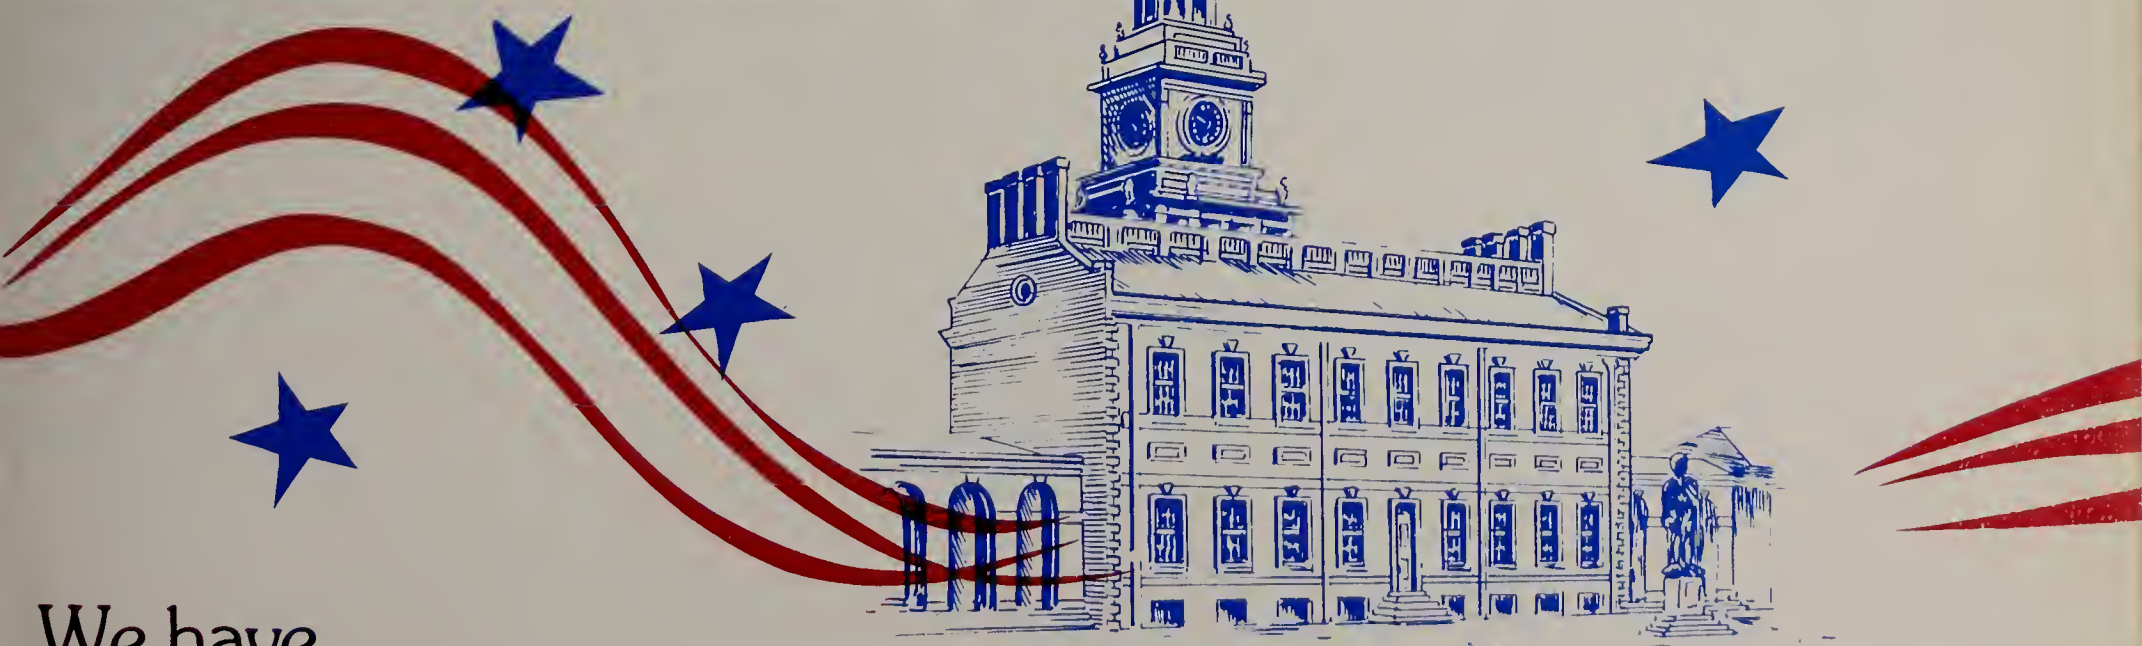

Allen's blunderbus, Fort Ticonderoga

We have sought personal achievement. The opportunity to become involved was there: in sports, in clubs, or in other activities. But, the difficulty was finding our interests and our talents and pursuing them.

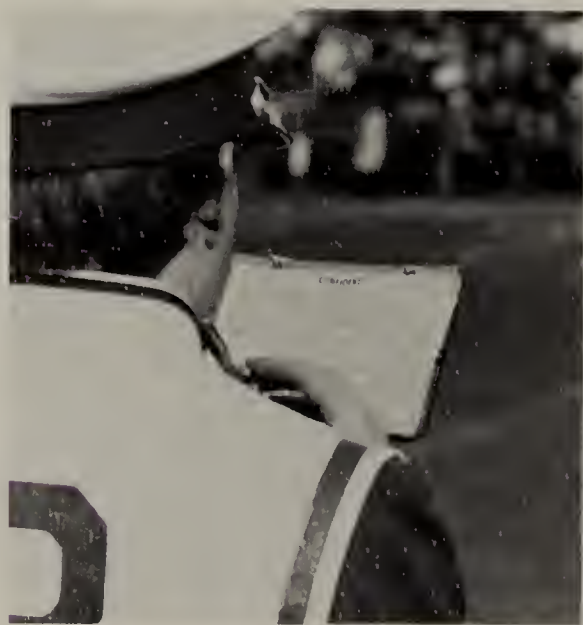

We have  
sought personal achievement.

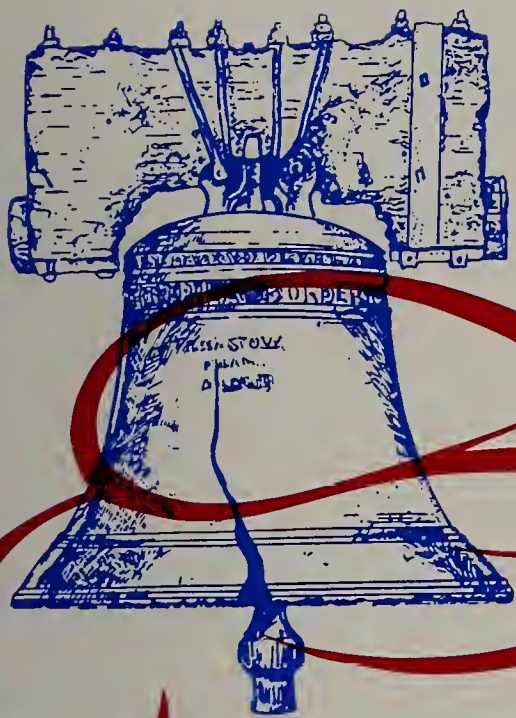

*We have won with humility, and we have lost with dignity.*

Our efforts have been worthwhile. We have served our school and our community. What has motivated our athletes and our thespians to endure the rigors of mental and physical exhaustion? Was it competition? Was it self-satisfaction? Was it pride?

*We have worked  
for our school  
and our community.*

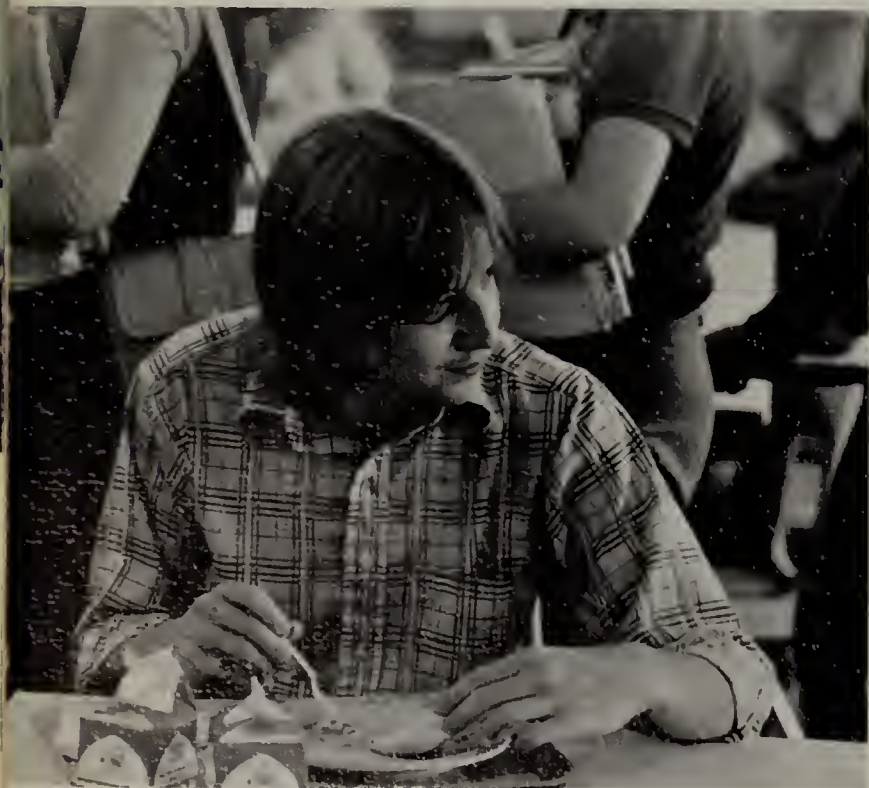

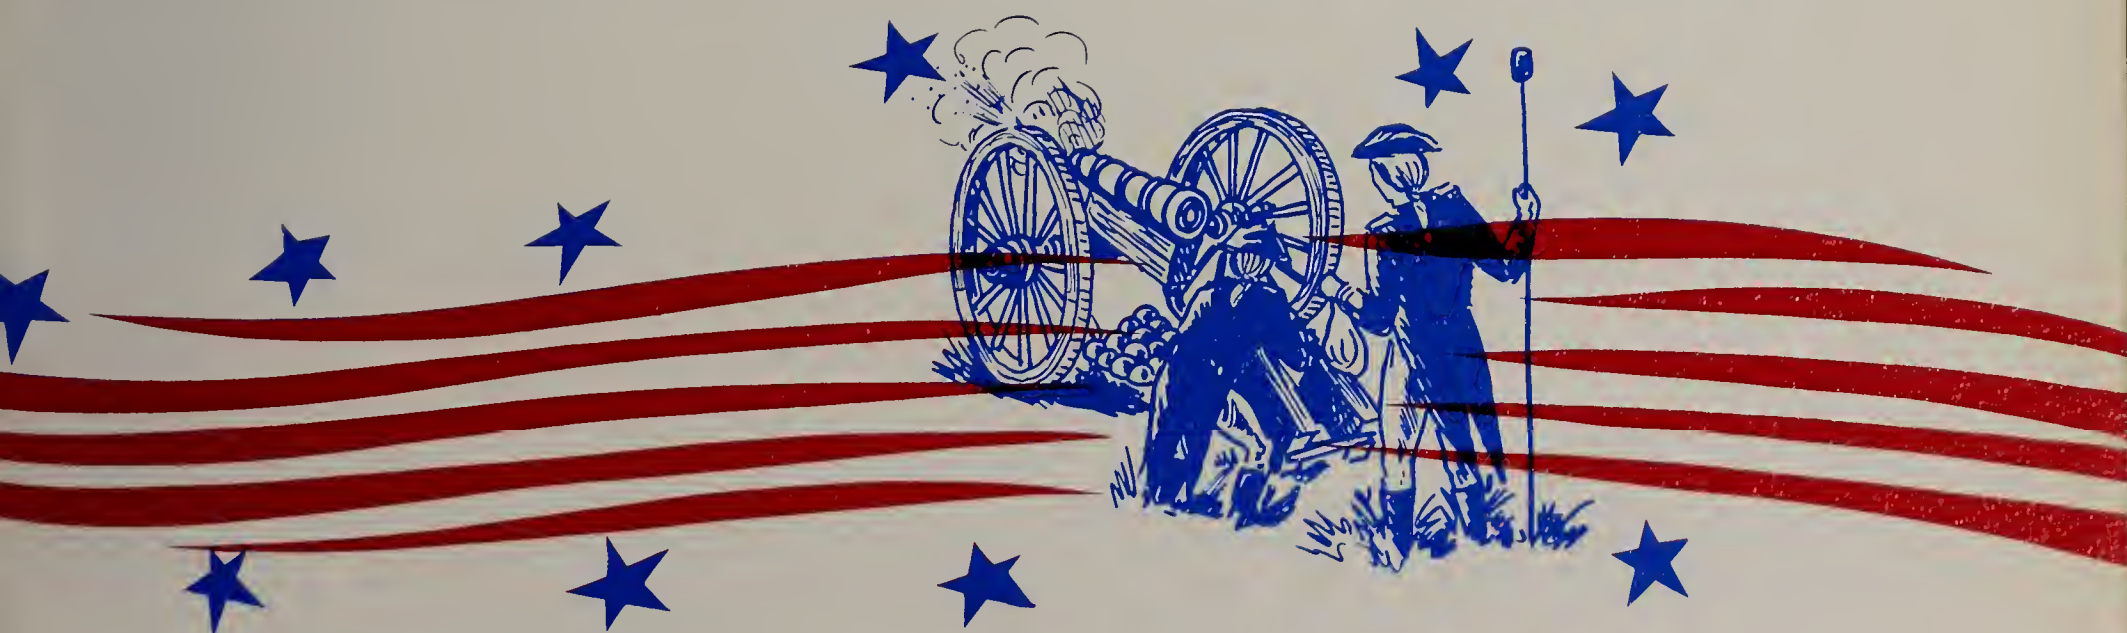

With amazement and pride . . .

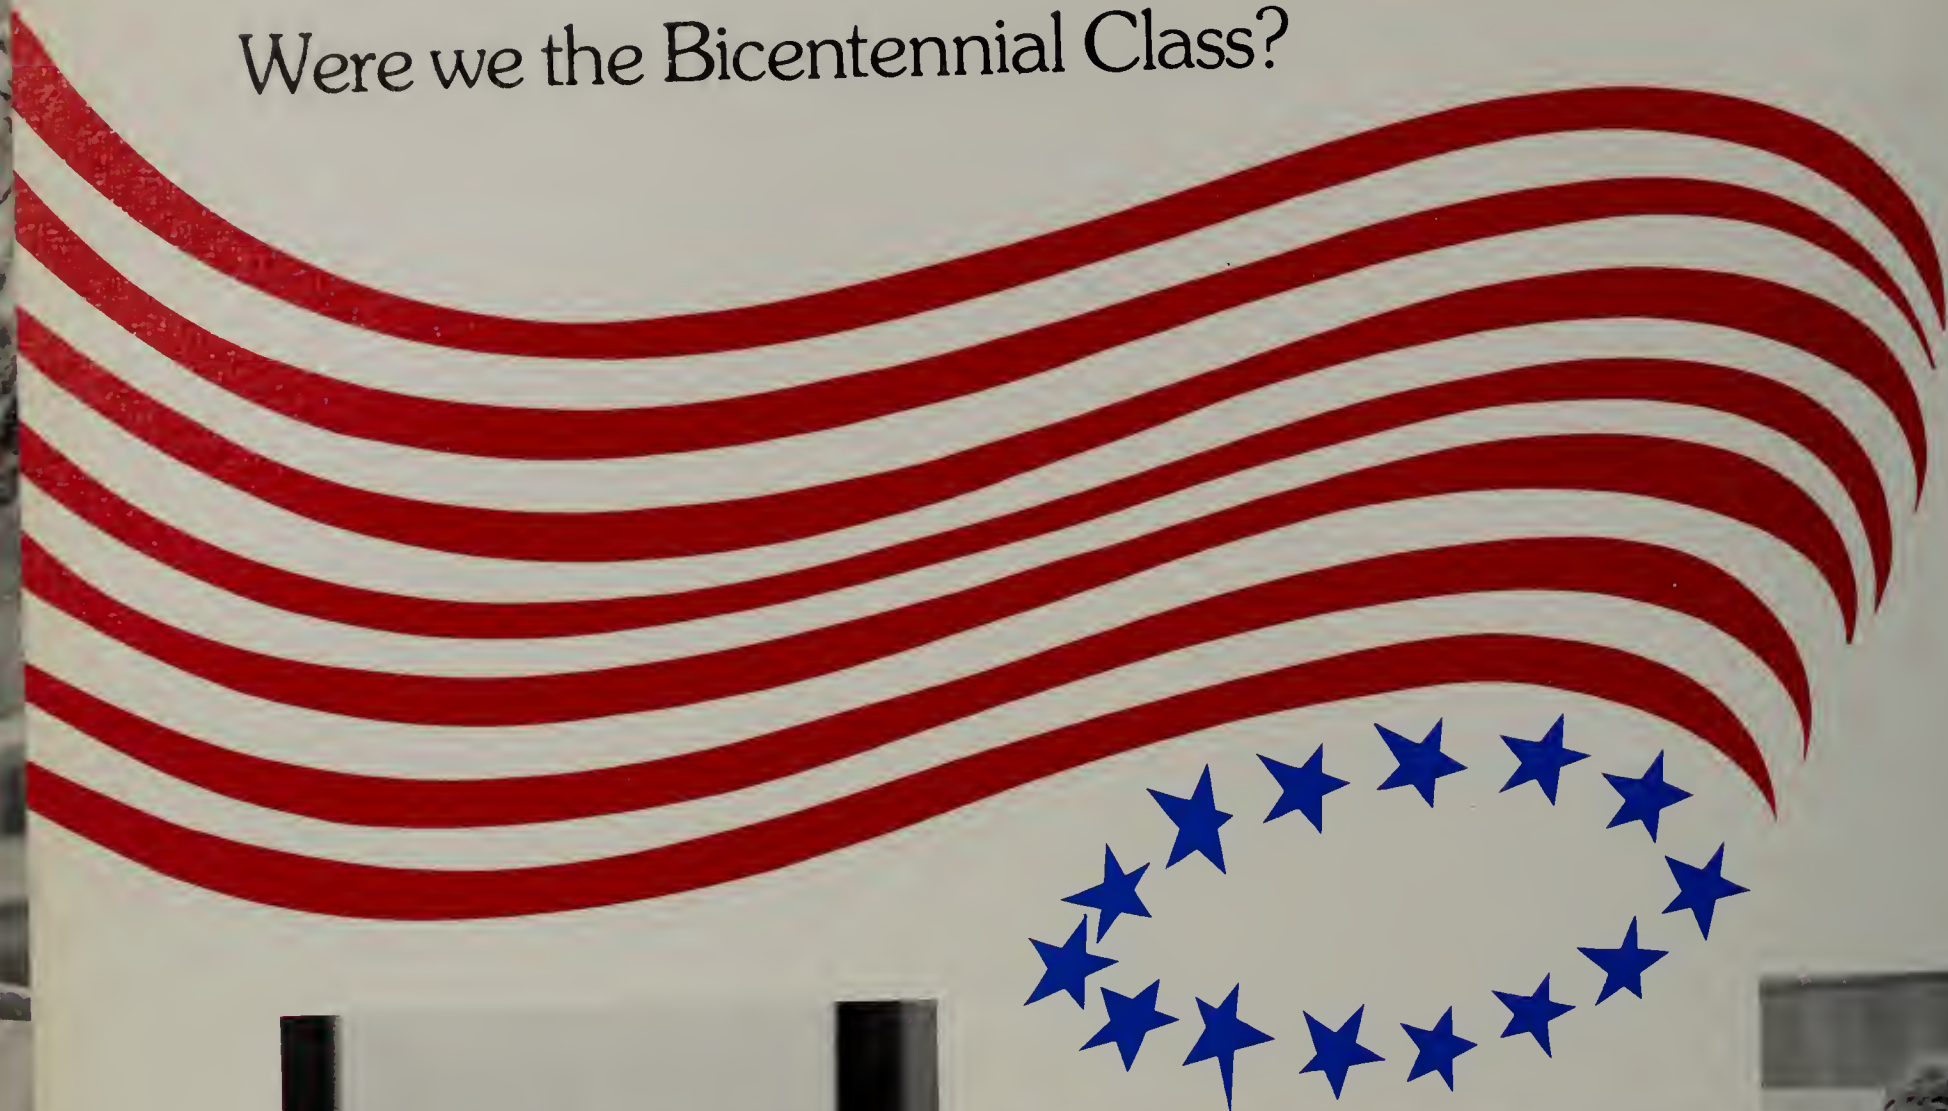

... We will reflect upon the class of 1976.

Were we the center of all of this?  
Were we the Bicentennial Class?

Prove your worth  
 To a government  
 you will be  
 all our friends  
 American Chited. we are  
 When I do  
 for the first time  
 the answer answer.
